

Thank you for volunteering to be a room parent for your child's class for the 2023-2024 school year!

The room parent is the link that organizes the various social functions and classroom events throughout the year. The Willis staff and PTO appreciate your commitment to the students, the teachers, and the school.

Please review the enclosed information that includes important dates and planned events.

The handbook that will be provided should outline the various room parent duties.

In addition to this brochure, you will find your teacher's "favorites list" attached to our PTO website under "Staff favorites." This should help you with ideas for your teacher throughout the year.
